

ADDENDUM No. 2

Town of Blind River
Sellers Beach Upgrades
TULLOCH Project 20-1642

Time & Date of Distribution: 12:00 PM May 3, 2021

Items:

1. The end wall (concrete block) of the plumbing chase has been removed to provide better access to the plumbing. All bidders are to include for the installation of a new, removable 3/4" plywood access panel to replace the removed concrete block. The access panel is to be screwed in place to allow for easy removal. All edges are to be rounded and sanded and the access panel is to be primed and painted with two coats of semi-gloss latex paint (colour by owner).
2. All interior walls and ceilings are to be scraped, patched as required and finished with latex primer and two coats of semi-gloss latex paint (colour by owner).
3. Include for the supply, placement and grading of 30 cubic metres of fill and 10 cubic metres of topsoil around the new gazebo and walkways. Fill is to be installed to promote positive drainage away from the gazebo and walkways.
4. All bidders are to tie the new concrete walkway into the existing curb depression. All bidders shall adjust their quantities to account for the change in length of the walkway, from the washroom to the new gazebo.
5. The contractor is to make good all interior finishes that were disturbed during demolition and that will be disturbed during construction.
6. All bidders are to provide alternate pricing to install the new electrical panel on the exterior of the building.
